

CAC would like to extend an invitation to meet to review current foster care standards.

Canadian Accreditation Council is presently engaged in an evaluation of our standards and processes in preparation for the release of the 2011 version of standards. This invitation will provide you an opportunity to review our current standards and to comment on the impact of standards to support quality service delivery.

This invitation is for foster care providers within the Calgary and central Alberta regions. The information gathered through this discussion will be compiled with meeting to be held in northern and southern Alberta and will be presented to the CAC Process Review Committee for deliberation in the revision of standards and processes.

Meeting

Date: February 25, 2011
Time: 9:30 to 1:30 pm (lunch provided)
Location: Aspen & Enviros Wilderness School Association Head Office - 2115 27th Ave NE - Calgary

Please RSVP your attendance of this meeting by February 11, 2011.

As CAC expands our services it is important that we stay connected to those in whom we serve. I look forward to the opportunity to meet with you and to explore ways to improve our services and provide standards of excellence.

Calvin E. Wood
